“ I am honoured to have been able to have shared many Laughs and happy moments with Ann on 2 trips to Greece and Portugal. Ann always approached every adventure with a joy and happiness that made everyone around her feel special. She was kind, smart and had a wonderful sense of humour. Myself and all her travel buddies will miss her so very much. We will cherish our memories of the wonderful experiences we all shared. It's hard to imagine not having her there to share pictures with or to indulge in a culinary experience. She was a great traveller and always positive. She lifted our spirits and inspired so many. We miss you , Ann.

“ Ann was always smiling with twinkling eyes. Ann and Jackie were first two people I met on returning to HF and transiting to the CM dept and because of her dedication to her role as a SW, I chose the right dept. I will miss her smile.

“ I met Ann 25 years ago at Henry Ford Hospital. Ann was a Social Worker in the pediatric clinic. Ann ask me about getting my two children names on the Christmas list. They received pajamas and gifts. Over the years like my daughter latasha freeman said, we kept in touch with Ann. I would always go visit Ann in her office when I would be at Henry Ford Hospital. In 2005, I was standing in line at Henry Ford pharmacy. Ann saw me and asked if my daughter had finished college. That Social Worker Dept. was hiring two case manager assistance. She helped my daughter get that position and suggested to me that my daughter could apply for a patient advocate position. Case management assistant was only for 2 years. Now my daughter is working at Henry Ford Hospital Emergency room helping others like Ann helped others. Ann was always smiling and kind . Ann you will truly be missed. I can say , that I LOVE YOU.

“ *I met Ann on a trip to Portugal and Madeira Island in 2019. What an amazing, kind, adventurous spirit! I only wish I had met her earlier and known her longer. We became friends because of some things we had in common--a love for travel, we both lived in southeast Michigan and we both had relatives living in Angel Places homes. Speaking for all of us on that trip, we are devastated. We all hoped to travel with her more and when we travel again on a trip to Sicily she hoped to take with us, we will bring some of her spirit with us. My heart goes out to all of her family and close friends.*

“ *I have known Ann since I was a child due to her being a social worker at Henry Ford Hospital and helping my family. We stayed in touch over the years and she always encouraged me to complete school in pursuit of social work. She was the sweetest person you ever could meet. This is truly a lost to the world but I know she is now at peace. My deepest sympathy to all friends, family and co-workers of Ann. May God bless and keep you all.*

“ *I am so sorry to get this news.  
Ann and I shared an email a long time ago when she inquired about my knowledge  
of anyone in our family who had some experience with arthritis. I, at that time, was  
able to share the fact that our uncle Walter was greatly afflicted with arthritis, especially in his crippled hands. Ann's response led me to believe that she had some  
physical limitations that she was trying to get info on. That's the last correspondence  
I had with her. I did follow her on Facebook.*

*So many good times and memories. 37 years ago almost to the day, you where my maid of honor at my wedding. It seems like it wasn't that long ago we had lunch together and talked for hours! I will miss you my dear cousin. You will forever be in my thoughts, prayers and heart.*

“ Ann and I travelled quite a bit and on one of our travels to Chicago after she convinced me to join her at a performance of "Wicked", the play about the Glenda "The Good Witch" and her nemesis "The Wicked witch of the West" and the large and beautiful Chicago Theatre!! We were both soooo excited to be flying into the Windy City just for some Spa time and an awesome night at the theatre for such an amazing show! Once we got all nestled into our really great seats, about 5 minutes after the play began, I was sound asleep! I remember her nudging me a couple of times to wake up because I was snoring too, but I just couldn't keep my eyes open. There are so many more hilariously wonderful road trip stories I could think of, but I will save them for my memories.

*I will forever miss Ann's love of her family, her endless positivity, her cheerfulness in the face of adversity and her willingness to let a cup of tea fix whatever was wrong. Rest in peace my dear friend.*
