“ We have been friends for over 60 years ever since our husband's worked together for the City of Detroit - Parks & Recreation. After that the three of us discovered we went to the same high school (Not Jack). We did many things together with our families - going to ball games, picnics, lodge outings and of course Cedar Pointe! We played a lot of cards - especially Pinochle and went on a lot of trips. We really enjoyed our trip to Hawaii. I talked to you almost everyday and will miss you.

Johnny, Richard and Chris,

We are all sorry for your loss, Annie was such a beautiful mother and friend to all of her boys!

Love always, Jean

“ It was an honor for me to know Annie for over 25 years. I met her through her husband, John. He and I were coworkers at SMART bus. From the first time I met her, I felt like family. She was caring, funny and loved her family so much. She is celebrating her new glorious life with John, family and heavenly friends.

Richard, John and Chris, I'm very sorry for your loss. Your mom will always be with you in spirit and will assist you when you least expect it. My thoughts and prayers are with you.

“ I will truly miss my friend Annie, we've talked everyday (sometimes multiple times) over the last 55 years. We've shared and created many memories over the years. Annie was the best type of friend - such that t I could bring our minister that was visiting our house, and he wanted cake, so we walked down to Annie's because I did not have any. We just talked about this a few weeks ago. It seems like yesterday - so many good memories!

To Richard, John, Chris and your families - I'm sorry for your loss, but I know she is at peace now. -

Love and Prayers, Janie

“ Annie was a treasured friend and neighbor. We shared tea, books, and desserts. She will be missed by all of us. I know she is in peace and has joined Jack. May the family take comfort in knowing that. She will remain in my heart forever.

With my love and sympathy, Peggy LeDuc and family.

“ To the only Aunt I ever had...I have all the fond memories of all the wonderful food you cooked on all the holidays. I still make your butter cookies, mom named them "Aunt Annie's butter cookies" and that is how it is listed in my recipes. I am grateful that you are at peace and you are with Uncle Jack once again.

John, Rich and Chris and families

Jack and I are sending our heart felt condolences, you'll be in our thoughts and prayers.

“ What I will remember most about Annie was she always made a point to have treats for kids and dogs and they adored her. I enjoyed talking with her and hearing the stories from past years. It was evident she was proud of her boys by the way she spoke. You could tell she treasured her family and friends. She will be missed by all who were fortunate to know her. Thoughts and prayers to her loved ones.

“ John, Rich and Chris,

We have known your family since 1963 on Leander in Detroit. My fondest memory of your mom was she taught me how to crochet doilies. She was left handed and I was right handed so we had many laughs as we tackled the differences. We saw each other's kids grow up and took lots of trips with your dad and mom. Prayers for all of your family.
