“ Beverly was so welcoming when I joined the SEMCOG Communications Department in 1998. I'll never forget how helpful she was in those early days. I appreciated getting to know her on a personal level. I smile when I remember our shared love of QVC! It was always great to see her and the other retirees at our annual holiday lunch.

*I hope her family knows how loved and appreciated she was at SEMCOG. Sending all of them my sympathy on their profound loss.*

“ Beverly was truly a special person to me both professionally and personally. At SEMCOG, she "took care of me" for decades while I served in the Executive Office and ultimately as Executive Director. Her skill, professionalism and enthusiasm made my work vastly better.

*Personally, she was an extended part of my family, sharing in the many stories of my wife and four daughters. For the birth of my oldest daughter, Beverly hand crafted a ceramic jewelry box that remains with Emily to this day.*

*My wife Chris and I share our deepest condolences to the the family.*

“ I worked with Beverly for many years at SEMCOG. She was not only a co-worker but also a friend providing support and encouragement as my career advanced. I was so pleased to get a note from her recognizing my retirement. She noted watching my journey from young planner to Executive Director. In her role as Executive Assistant she was a significant contributor to my success and the success of SEMCOG. She always made my work better. On a personal note I heard a great deal about your family. Beverly shared stories about her parents, sister Nancy and her nephew Kevin. I know you through her stories and want to express our sympathy. My husband Nick and I hope to express them in person at some point in the future when a service is held.
