“ *Cesk was a very good friend and an excellent tile installer for us for 15 years. I'll cherish the many great memories of our conversations, laughs and his talented work. Our hearts are broken. He will be greatly missed but never forgotten. Our deepest sympathy and prayers go out to his family. Scott Visger*

“ *Cesk was the best tile installer! The first one I would call to see if he was available for a job I had coming up. I could count on him to do a awesome job. My clients were always happy. Best of all, he was a great person! Working with him for several years, I always looked forward to meeting him at a new job site. It was like seeing an old friend. We would talk about the job but would also take a few minutes to catch up on our lives. He shared with me his life journey and I was so impressed with his accomplishments! He recently installed the backsplash in my kitchen and it is beautiful! My deepest sympathy to his family. He will be missed. Kelly LaBelle*
