“ *" I knew Chris and was a friend of his in St Nick's Boy Scout Troop and Sunday school. I remember him as being a very kind and good natured individual. He was always positive and contributed to the good in scouts. Beyond those days, the events of life separate all of us. I learned of Chris's passing through a small group of mutual friends that in our younger years, we shared life with Chris. I pray for Chris and I pray for his family. In God's Hands we find release from illness as he took Chris to him. God Bless."*
