“ *I am heartbroken as my sweet dear friend , Denise, of 35 years has lost her battle with Leukemia. Denise was such a generous soul giving her time, self and thoughtful gifts. We did everything together we shopped, worked the school parking lot, went to school mass, the boys soccer games and trips to take the boys to caddie. We opened an antique both @ Countryside Mall, ran around the Metro area looking for treasures we loved to put in the booth. She came to every party I had, we would go to happy hour dinners, she help me decorate as we shared the same taste. We loved our kids, husbands and our grandchildren. They were our focus. She helped me by working with Lori, Tina and Barb to make all of Lisa's Shower and Wedding bouquets and centerpiece arrangements. She was there for me through my surgeries, cancer and treatment picking me up and taking me to breakfast and shopping. We loved to shop💕. We laughed so hard so much. We bought furniture and shoved it into her first her station wagon then her van, brought it home to fix it up and sell it or keep if we liked it too much. She fought and suffered for more than a year. She was a warrior trying everything to help her survive. She was not giving up. She was in isolation so I rarely could see her. I loved her like a sister, a mother and a friend. Denise you are now with God and your beautiful granddaughter will remember the many prayers you taught her and she and your grandson will hold your memories close to your heart as they know just how very much you loved them. I will miss you so Denise but I am grateful I have so many memories of us. God bless you and your family❤️*

“ “Grandma Freddy” as she quickly named herself when I became pregnant with my first child while still working at Red Lobster with her was one of my FAVORITE people. She was so so good to me and everyone she knew. I loved catching up with her and sharing stories about my kids/her kids and grandkids. Her family was her everything and I loved hearing about you all. She was one of the most special people I have ever met and will be missed dearly. So sorry for your loss 💔

“ I’m heartbroken and sad to hear of DFred’s passing—We has many many great years working Monday and Wednesday nights together at RL —We talked a lot about our families and when Alora was first born she couldn’t wait to tell about what a blast it was babysitting her on the weekends and how tired out Mike and her would be and then Vance came along and she beamed showing us pictures at work!She was a wonderful Grandma who loved her family and grandchildren!Our work sections were next to each other -her in section 5- me in section 15-and I’ll always remember how she would positively greet every table with WELCOME,WELCOME—I will truly miss her and her stories about Frankenmuth gatherings and how much Mike and her supported “Mom and Pop” stands when eating out—RIP-I truly will miss you Denise 🥺😭😭🙏🙏

PD

My dearest oldest friend. I can't believe we were friends for almost 60 years. Meeting in the hallway of J. Marshall Elementary school in kindergarten. Spending the night at each other's house so many times. Going to "Roy Rogers", Big Boys, taking the bus to Northland Mall, freaking out when we were in the bathroom at Nordstrom's when someone turned the lights out. Hitting the streets of Royal Oak, smoking Eve cigarettes. Me sitting on you plucking your eyebrows. So many loving and funny memories.

She will be missed by everyone who knew her, and loved her.

May God hold his protecting hand over your family during this difficult time. Love you forever, Nisey
