“ *Dennis was like a father figure to me in my early adult life. I remember him as a wise, strong, and kind man. He was one of a short list of men I use as a template for how to be a savvy man, a good citizen, and a reliable friend. He was second only to my father in shaping me into the man I am today.*

“ *I've never admitted as such, but Dennis was a father to me in a lot of regards back in my teenage years. He definitely chewed my arse out a few times, and deservedly so. Rest easy, sir. You'll be missed, but you're at peace.*
