“ I worked with Don at Metro Tech in Troy for a few years and kept in touch for a while afterward and he was a great guy. Always friendly and considerate.

“ He was an amazing man that kept his family together and loved them thru everything.  
All he did was work and take of his family, being the best husband (always taking care of Lisa) and father (attending Tommy's wrestling & encouraging him) that he could.

“ Where do I start Mr. Kambers was always at the wrestling meets cheering Tom on and the team. He would always have some extra snacks in his cooler if you need a pb&j or drink. I was at his work a couple of years ago doing landscape work and I had to use the restroom. So I ran over to him, he didn't recognize me at first but when he did he instantly was happy to see me he made me feel like family and he snuck me in so I could use the restroom. Grateful For the compassion this man had for us.

“ My condolences go out to Don`s family at this time. I met Don when he was looking for a job a few years ago, as soon as we started to talk I knew I had the right guy. He was a true gentleman and a great family man which are traits I always admire. I hired him on the spot, and we had some great years talking and working through life`s tough times, I always made it a point to stop at his desk everyday and stop to see how he and his family were doing, they were his top topic to discuss, (besides the Spartans!). Anybody who met Don could quickly see what kind of a man he was, always caring and kind, I will miss my talks with him. He brought Tommy and later Lisa up to our shop to meet the "guys" so we all could see how truly lucky he had been in marriage and the raising of his kids, his pride and joy. RIP my friend, Mark and Robin MacLean
