“ *Your Mother brought such joy to all of us here at Blossom Ridge with her ready smile and generous heart. You all were so wonderful to keep her happily supplied with her favorite Italian Cannoli and French Palmiers. Your Mother would move around the dining room, stop to chat and then offer us these treats.*

*Another time we were displaying at the monthly "Show and Tell" our collections. She went back to her apartment and brought back her cherished Dresden Figurine, which she was given for her 16th birthday. She so enchanted us, as she described how she went to a very elegant store with her Mother and was allowed to select something very special. She also got us wine to drink as we seven sat and talked about our collections. Your Mom made those hours so delightful for all of us there. She will be so missed by many here.*
