“I was so sorry to hear the news today about Frank. I met Frank in the Structures Lab at Chrysler in Highland Park when we were both new employees. I enjoyed working with him. When our career paths went in separate directions I always enjoyed bumping into him at work and catching up. He was a hard worker and a good friend. Life isn't always fair. Frank is gone too soon, but I'm glad I knew him.”

“I am so sorry for your loss. I worked with Frank's dad at Mardigan and at Chrysler. I first met Frank when he was about 12 years old and rabbit hunted with him and his dad for many years. Also working in another department at Chrysler, I did have some contact with him through work and watched him grow as a man, husband and father. I pray for strength, peace and understanding for you at this time.

“*"Frank was like a big brother to me and my brother Bill growing up. Being an only child I know he liked coming to our house. There are countless weekends where he stayed with us, or Bill stayed at his house. We are 6 months apart in age. We celebrated our Holy Communions together. My childhood is full of many memories of Frank. I will miss you dearly cousin. Some cousins feel like siblings. Frank was all that to me. Namaste"*
