“ I can best Bob's comment. :-) I grew up NEXT DOOR (and when we moved, he bought our house!) But I was on the butt (baby) end of the Pattow crew, unlike Bob and Gale. Mr. & Mrs. Appelt, Gale, Gary & GayGay - are all people I'll remember fondly the rest of my days. Your family had a PROFOUND positive impact on my whole life. Thank you doesn't seem enough, and I'm truly sorry for your loss. (I think the memory of your dad with his brand new "tape recorder" recording and playing back my 2 or 3 year old giggles - is one of my earliest memories. The feeling of love is what I recall the most. Makes my heart smile, as the thought of each of you always has.)
