“ *Everytime i think of Harley, I can see his smile and hear his laugh. It's literally the first thing that comes to my mind. There is much I could share about him and all the things that were special, but that ready, welcoming smile and hearty Harley laugh will be his forever legacy in my mind. And what a wonderful legacy - to be remembered for the joy that was part of your very presence. Now, in the presence of God, I'm sure that joy is ever more evident, and altho I can rejoice in that, he will nonetheless be always missed and forever loved. Harley - e will be missed and always loved..*

“ Harley was a larger-than-life member of my extended church family. Growing up in East Detroit as an only child, he always had time for me and ensured I was welcomed in whatever was going on. He was 10 years my elder, I looked up to him as the patriarch of our church youth group. His love of the Lord and “all things fast” was infectious and influenced my life at an early age. I will never forget his ever-present (cheshire) smile, quick wit, and above all BIG heart. Not to mention the awesome times riding around in his precious Super-Bee, a real treat for any future gear-head. Harley, you have run a good race and finished the course, Godspeed my friend and thanks for the memories...
Sending prayers of peace and comfort for his family and friends.

“ I remember meeting Harley for the first time. I instantly loved him. I loved his smile, his laugh and the way he made my family feel so comfortable, as we were getting to know him. I was a young child when I met him, and was intrigued with his motorcycle. I remember him telling me not to go near it because it was hot. I couldn't resist... when no one was around, I climbed up on top of it and the unimaginable happened... It tipped over! Because I barely knew him I was terrified that he was going to get angry. He held his composure, made sure I was okay, gave me a hug and forgave me, telling me not to cry. He was so gentle and kind. He leaves a wonderful Legacy. Sending my prayers and condolences.

“ Harley was one of those guys who always had a smile on his face and was so very friendly. I met him at a restaurant after our youth service one Friday night. He was there with his own church group. While we all were waiting for the hostess to put together some large tables, he struck up a conversation with me. He made me laugh, and was so sincere. To my surprise I re-met him years later when my sweet Aunt Betty married his father! What a small world...he will definitely be missed! Karleen Warren 💙

“ It has been awhile since I've seen my Great-Uncle Harley but every time I saw him, he was always so interested in what was going on in my life. Would ask me how school was going for me, how football was going, etc. despite rarely seeing each other, he always making an effort to be apart of my life in any way he could and I will always treasure that.

My heart hurts. Harley was a special guy who was so sweet to everyone. That laugh was infectious and came from the heart.
His love for muscle cars never waned and he stayed true to Mopar!
Will see him again on the streets of gold, he will be the one in the quarter mile dragster on the streets of gold.
Love you Harley! 💕

“ My heart is broken. Walking into church will never be the same. Harley was always at his post serving on the Security Team. I can see him now, when I walked in he always had a big smile and a huge hug. He loved his family and would always say he definitely married up! Praying Gods comfort be upon his beautiful wife Kathy and everyone close to this beautiful soul .
Forever in our hearts.

“ What a kind and gentle soul he was. I have always thought fondly of Harley since I met him at church. He always smiled and was genuinely happy to see you. He was a good man and I know he is resting peacefully in the arms of our Lord Jesus Christ.

“ True legend within the Eastpointe Reserve Unit. Longest serving member in its history (retired after 30 years of service). Dedicated volunteer, mentor, and most importantly, a friend to all.

Harley's generosity and good nature is missed, his legacy shall be remembered.

God bless

“ *When I think of Uncle Harley I think of a man with a big heart. He had this big grin that always put a smile on your face. My last memory of uncle Harley is at the cottage and him handing me the keys to his jet ski to take it for a ride. He wanted to make sure you were enjoying yourself no matter where you were. Thanks for the memories Uncle Harley! You will be missed.*

“ He cared and loved everyone so much. He had such a big heart. I remember when I was little he would babysit me and we would always drive to this certain playground and he would watch me play for hours with a big smile on his face. He would take me to get a treat after and always did everything he could to make me happy. He will be missed.
