“ I am saddened to hear today of Herman’s passing.  
We worked together at Parker in Troy for many years.  
I retired over 10 years ago but still remember what a kind and hard working gentleman he was - it was a pleasure to be around him. Deepest sympathies to all the family. May he Rest In Peace.

“ Our dear cousin Herman Wang has gone too soon. He will forever hold a place in our hearts, along with so many cherished memories of childhood and annual visits in Michigan and Toronto. Herman's life was far from defined by pancreatic cancer, as it was only in his last year he found himself in battle. He faced it with the same fierce drive, determination and wit that has been his trademark. Herman's legacy is his commitment to his family and friends, and how he fostered these relationships. After he was diagnosed, his loving family rallied along side and joined forces with Pancreatic Cancer Action Network to promote awareness and raise funds for much needed research. He created Team Purple Panda so we could continue this fight together, through education and events. Even in his absence, Herman found yet another way for us to remain connected as we unite for a common cause.  
Herman, we are so grateful for the times together with you, Beth and Jacquelyn, and miss your laughter very much. We will be getting together for a sunset dinner by the water's edge and toast you... We will always carry you in our hearts, love your Canadian family

“ Herman and his beautiful family lived on a block from almost another time. The bonds and closeness that they all shared together as families was extraordinary! They shared everything! The love between will now shine even brighter because they all knew Herman. May God continue to richly Bless you all as Herman watches over you all!

“ My chemistry lab partner, my tennis team doubles partner, my friend. Herman, thank you for being part of my life. My condolences and prayers for Elizabeth and Jacquelyn. Every time I came back home to Michigan, you would gather all the high school buddies and catch up with a few brews. You are a one of a kind friend and will be truly missed.

“ My early fond memories of Herman always goes to that smiley, sporty, little boy, full of energy. On many Saturdays , we (I with 5 kids, Tom, Howard, Helena, John and Herman) enjoyed going outdoors. we visited many parks, lakes and even a few camping trips together. Herman and Tom always caught more and larger fish than anyone else.

*I treasure those memories . Herman, I miss you.*

“ To Beth and Jaqs, we send you love and strength in this most difficult time. Herman was a most beloved cousin and one who we didn't see enough of, but the moments we shared as children and the last time several years ago are precious. His smile and joy for life just lit up the room and all those around him. We will miss him.

“ I am so sorry to hear of Herman's passing. When I started at Parker, he made it a point to call me to introduce himself and welcome me to the organization. On a few of the small projects I worked with Herman on, his tenacious attitude towards his professional endeavors was contagious. There's no doubt that same attitude was present with his family, friends, and hobbies. We talked often of finally being able to get together to share a beer and talk shop, which unfortunately did not happen due to COVID and Herman's illness. I'll make sure to toast one for Herman. He as well as the rest of his family will be kept in my prayers.
