“ *Dawn and family,
My deepest condolences for your loss. Jim was my first high school friend after we moved to the US and sleepovers at the Corsi house with Jim and Paulie were always a great treat...playing pool in the basement with Jim breaking out his electric guitar and playing along with the cranked stereo are some of my fondest memories. We lost touch going to different colleges, the last time I saw Jim, Paulie and Gail was at a post graduation party at the Corsi house way back in 1982....was never able to locate Jim online over the years, and now so wish it were otherwise. Very sorry to hear of his passing and my prayers are with you all. God bless. Neil Cudden, Phoenix AZ*

“ *Dear Dawn and family -
My deepest sympathy on learning about Jim's death.
So many wonderful memories of my years with you at St. Fabian Church and school - that time when your boys grew and prospered. Jim was always around and we shared in many stories together about life, our faith and how it all tied together. My love to your family and the promise of prayers for Jim's peaceful repose.*

“ *Jim and I worked together as professionals for many years on several mutual clients dating back to when his father, Jack, was still alive and still a practicing CPA. Jim touched so many lives in the very best way, and I am so grateful I got the chance to know him as both a business colleague and as a friend. My thoughts and prayers are with you, Dawn, and your family during this difficult time.*

“ My little cuz was a amazing young man who loved his family so much and not just his immediate family but the whole family. He loved hi Dawn and Boys so much that he even keeled working though all his fight. I talked to him many times and times that he went to work and was not feeling good with his chemo treatment. But he keep going because of his responsibilities to him his family children and his owner. Jim was a strong man who lived the fight to the end. I will miss him deeply. We love you Jim and you will never be forgotten. That's for sure. Now you are with your dad brother and sister with the rest of our family. Just once in a while give me a touch. To let me know you are still there. ❤️

“ There are endless things I could write about my memories of my Uncle Jimmy and the impact he personally had on my life. Growing up with him around, he was a great role model for me. Some of my first memories of uncle Jim was how genuinely interested he was in me and my brothers. I hope to one day be half-as great of an uncle and man as he was. My Uncle Jimmy was very incredibly committed to his family and would have literally given his life for his boys and my aunt Dawn for their wellbeing. He gave blood, sweat, and tears for his family. He literally built an extension onto his house to take care of my nana and papa. Most of my childhood I remember having the opportunities to get closer to my cousins because he would always host us at their house to go swimming in their pool and play in their creek. I hope to carry these traditions he built and keep connected with my family. His legacy is built from the way he treated his family, his clients, and his friends, though genuineness. He had a lot of great dark humor jokes but he was also incredibly catholic and that stood out to me growing up. This man fought pancreatic cancer for so long and beat the statistical odds of survival. What a life!!

“ Jim was our accountant and friend. He introduced our boys to lightsabers and some good boy movies, sharing his VHS tapes with us. He was so passionate about his family and his faith. We were blessed to know him.
