“ *"I loved Julie. I knew her since we were in kindergarten. Every time we got together, it was like we were 5 years old again and giggled all the time. I am glad she will not be in pain anymore but I will miss her every day. May she rest in peace. ❤️"*

“ *"I wrote this the night before the funeral but never got to read it. We will miss you, Dear Cousin Julie. We will miss your thoughtfulness and your warm greetings. We will miss your love and caring. We will miss coming over to your house for dinner and holidays. We will never forget you coming over to help when Francesca was really sick. We will never forget the many times you came to help my husband Lorenzo and his illness. We were grateful when you became Francesca's Confirmation Godmother and always asked about Carlo. We will never forget the dedication, love and respect you gave to your parents - Zio Lorenzo and Zia Rosetta. We will never forget your kindness. But God above had another plan for you and God said, " Julie, it is time to come home for your work is done here on earth and to put your suffering to rest!" So as God embraces you into his heavenly Kingdom, we will all miss you, rest in eternal peace until we meet again !"*
