“ There weren't many times that I saw her when I was married to Gale, but I do remember that she loved to laugh. I am sorry for the family's loss.

“ Your Mom meant the world to me. When I was younger she would have me over and always make split pea soup for me. I loved it and loved her to pieces.

Another generation came up with the care of my Aunt. I believe their favorite was pancakes.

She was so loving to us all. She will surely be missed.

I appreciate all my cousins also. May you all receive comfort at this time. Love you all!

She loved you dearly Gay. (as do I) She loved when she watched the boys and always remembered how fond they were of pancakes. Linda

“ Laurie and I became close friends after both our husbands died days apart. For many years she accompanied me on my speaking engagements and pretty soon she could have done the presentation. I will miss our talks but will always remember the good times we had together.
