“ Theio Leonidas was a great man! Full of life and laughter, strong and always with a big smile on his face! We had a special bond because as we both came from Greece it was easy for us to communicate.....to understand each other. I will always cherish the many times we had talking about our country and its people, telling jokes and having a glass of wine! He was a man who could appreciate good life in evedryday little things.

May you rest in peace, theio! you will always be remembered with love!

My deepest condolences to all of you..my cousins! May you live a long life and remember only the good times you had with him!

“ Dad's life was “epic” for lack of a better word - born on a beautiful farming and ship owners island of Andros, Greece, he endured WWII as a teen, served his country in the navy, and fell in love with our mother on the transatlantic passenger liner he worked on.

Married and raised a family in America during 50's through 70's, retiring in 1983 after withstanding 3 robberies and a gun shot wound at his business in Detroit, he persevered staying healthy by working in his garden and burning his nonstop energy at everything imaginable.

His retirement was filled with travels to Greece and Florida mostly, enjoying time with Mom and long-time friends.

Proud of his heritage and family (4 kids, 7 grandkids, 1 great grandchild) he often told stories of the things he did and saw.

His tenacity and love for life was evident until the very end, even after becoming bedridden for a year due to a combination of spinal stenosis and Covid-19 induced muscle atrophy.

While we will miss him and all the unpredictable entertainment he provided, we know that he is in a better place, and back with Mom and siblings whom he survived.
