“ *Marion was like a 2nd mother to many of Mary's San Diego friends, including us. We looked forward to her annual visits to California. She joined in our parties. She liked a little sip of Sambuca after a good meal and we kept some on hand for her visits. I think we'll have a Sambuca toast for her this weekend. We loved Marion and will miss her.

“ *Mary, your mom always said hello to me whenever I saw her. She was cheerful, caring and spoke her mind. She had a wonderful life. I am so sorry for your loss. I recall many occasions with your mom, dad and grandmother. One memory that is always with me is going to your grandmothers house around the holidays and picking up a box of crostoli. You and all your family are in my prayers. Mark Pilot*

“ *Marion was a wonderful lady who lived life to the fullest. She had a great sense of humor and a great wit...my daughter Kat would pick her up at her home to go to Club functions, which she loved. I recall Marion in the "Conga" line at the Reverse Raffle, throwing her hands up in great jubilation to "Manana." She was a consummate conversationalist and could talk about anyone, anything at any time.*

She had many struggles toward the end, but is now reunited with Hugo: surely heaven is a jollier place. We miss you dear Marion, and hope that we can celebrate your life at a future date. God bless, and "Manana, is good enough for me!"

Our beloved Marion will be missed greatly. We shared January birthdays and except for this last one, she never forgot! She always made time shared memorable, fun and wonderful. Sharing her life experiences and memories of she and Hugo showed their great love for each other and a life lived well. You will always be a special part of my life for which I am grateful. “ *Mrs. B lived the full arc of her life with energy and on her terms. She would tell me repeatedly in recent years: "Sal [nickname] I asked God why he didn't take me last night. I'm ready." She kept up her fast pace very late in her race but she was at peace and gratitude too. I thank her for the many laughs and for the great gift of her daughter.*
