“ I have so many very wonderful and beautiful memories of my mother in law ❤️ Who I have called Grandma since our children were born. And to them she was and always will be Granny ❤️ Her relationship with her 3 children was what she cherished the most. She gave so much love and comfort to all of us many times. She has never missed a birthday or an anniversary or any personal accolade in our lives. She sometimes even had to remind me of my own son in law's birthday's!! The many BBQ-s, graduations, pool party's, holidays and so much more at our home will always be some of the best times of my life 🍋 she loved every single person she ever met. I will miss our conversations and lunches together and showing off all my new coats and purses I would get because she made sure every single birthday she gave me a gift of money and said now you get a new purse or coat! There are so many beautiful memories I cannot begin to speak of them all. Thank you for a lifetime of love for all our children who you loved and adored and helped us raise ❤️❤️❤️💙 you will forever be in my heart and the hearts of your children grandchildren and great grand children. 💙💙💙 love you Grandma ❤️
