“ *My earliest memory of my Aunt Mary was that she drove a car when not many ladies did, at least not that I was aware of. She made it look effortless. As an adult, I learned that she was a great driver. Aunt Mary was a liberated woman, good-looking, very stylish. She was always impeccably well-dressed.*

*As an adult, when she, my Mom and I would go shopping, she was always greeted warmly (often with hugs) by the sales staffers, she knew their names and they knew hers. That was really nice to see; I learned that she was a lot more out-going than I would have thought. You don't think of things like that when you're a kid.*

*I also liked the fact that she liked to go to thrift stores. We used to go to the Unique in Dolton. We also went to the one near State Line Road run by the Harvest folks. I liked that she valued family and the importance of God in our lives.*

*Aunt Mary helped me get through the death of my mother, her sister. I have very fond memories of her. She will be missed.*

“ *May you find peace in knowing you comforted your mom in time of need. She was a wonderful social butterfly that has spread her wings! Love, Terri*
