“ *I enjoyed Mildred the little bit of time I had to know her. I am Shelly, one of the nurses who cared for her at Bickford . Since I lived so close we called me neighbor. She worried when I walked home from work at night. We had so many giggles together and she was a delight. I am so sorry for your loss, but she is not lost...we know exactly where she is... with everyone who loved her first. Please take care of yourselves and know this sweet angel is with you always.*
