“ *My fun-loving free-spirited brother(bro). It was awesome having you back in my life again when you returned to Michigan. I will truly miss that smiling face of yours, our March birthday celebrations and our little get-togethers throughout the year. I am happy your pain is now gone, but it has just begun for those that you left behind. Rest in peace bro. Love ya. Your sister Sue aka Susie and going way back to when we were kids Cookie*

“ *The best memory I had of Norbert was when Jeff and I went down to an underground bar and had the best time in that tiny bar. I'm going to miss his smiles and how big of a personality he had. He can light up a room with the happinesses in his eyes and smile. I'm sure we met other places but since I got brain cancer I only have that one memory of him*
