“ I grew up with Ray attending both Maples and Fordson. We were in sports together and those were some of the best times in our life. Ray was always fun to be with, a good student and athlete and most importantly a very good person. Have not had contact with him since then, but none the less sad to learn of his passing. I hope he had a good life. Rest long and well Ray.

“ Much of my life with Ray was focused on raising our girls - Jodie, Kristy and Dana. We met in our early twenties. He had just gotten back into town after being away at college - and had just started working for GM at the Tech Center. He was the first in his family to graduate college and move into a promising career. His family was very proud of him . . . and I was impressed - to me that was a great achievement. One of the first things he did after graduating was to buy a Corvette . . . he was really proud of that car! Then he wanted to get married and start a life of his own and I just happened to be there! We had a huge wedding - his mother took over and arranged everything. We took an apartment in Warren and later bought a house in Sterling Heights.

Ray was always one that liked to party. He was very outgoing, liked to tell jokes and be the center of attention. In comparison, I was very quiet and shy around people - a combination that seemed to work - he led and I followed. Ray always had a twinkle in his eye, a laugh and a smile that won him a lot of friends. He was the first in his family to give his parents grandchildren. He was always very proud of his three girls - their accomplishments were his own.

He would want them to remember all the times we gathered together as family - all the Christmas' and birthdays, backyard BBQs around the swimming pool, trips to Grandma's house, school concerts and special events - times when he was there to support and cheer them on. . . . Ray and I grew apart and divorced, but I never found another like him - he was one of a kind!

“ RIP Cousin Ray. We didn't see much of each other as we grew older, got married, and had families of our own, but one of my fondest memories was being surrounded by family with all of us growing up In the same house in Hamtramck. I remember how funny and silly you could be, and always joking around. You always had a smile on your face. Our son will always remember you as the cousin that was a neighbor to his very first girlfriend. It's a small world! Rest In Peace cousin. You're in God's hands now! Our sincerest condolences to the family. Our thoughts and prayers are with all of you!

“ Rest in peace cousin Ray. We had many fun times when we were kids especially when we shared a 2 family home in Hamtramck, a home built by our Grandfather who died before we were born. We were so impressed when you went to GM Tech center for your education and your career. You were a dedicated and hard working man. Even though we didn't see each other much as we got older I was always so happy to get a Christmas card from you every year. I loved having that connection! God bless your family in this sorrow-full time. No more suffering. Prayers and blessings for you and your family.

Love,

Cindy (Bielewski) Kolodziej
