“ Dear Care and Family,

*We are sending our thoughts and prayers to you and Joe, Jenny, Marcus, Madison and Donnie. Care, through your many years of marriage, Rick definitely became a full member of the Campbell clan and became the brother we did not have to all of us sisters. As you know, his sense of humor and big heart brought us all comfort through the years. We also knew that he loved you and the rest of his family with all of his heart and did everything possible to bring happiness to you all. I will miss seeing his face and having him share our family gathering going forward but we know he will be there in spirit. Rest in Peace, Rick until we meet again!*

I am beyond excited that you were able to spend as many years as you did with your grand boys. I just loved watching you with them. That meant the world to me. *To an old dear friend.*

*I often daze out remembering how much fun we had in our youth. You were always a part of my life that I enjoyed so much when we in our teens. Listening to that record player in your Nova convertible with the backwards shift pattern ( that was funny ). As we got older the distance from seeing each other became further apart and how I regret not staying closer to you, my friend.*

*The class reunion was our last time together, seeing you and the " Woodcrest Gang " and knowing that it could be the last time we meet.*

*Rick I will treasure our friendship forever however God will now be your companion. You're in now in his hands in heaven but the memories stay alive with all of us forever.*

*Take care my friend, I will dearly miss you*
