“ Bob took many pictures of my husband Tom when he played many sports and was involved with student government at DeLa Salle. They graduated together in 1956 and remained friends all those years. When we had a house fire and Tom lost his treasured high school yearbook the alumni association was able to copy all of Bob's pictures so Tom still has memories of those treasured years. In later years Bob was the person who helped Tom with his many dental problems. A wonderful friend to us both and always the straight shooter who cared so much for so many. We were blessed and still are by Irene.

“ Dear Irene, I am so saddened to hear of Bob's passing. Both of you were so gracious and welcoming me to your family during the time that Eddie and I were seeing each other. I always admired the twinkle both of you had in your eyes when you looked at each other. He was a special man, and you made a special couple. My sincerest condolences and my prayer that you find peace in knowing you will see him again in heaven.

My love to you, Margie Rosenow

“ My deepest condolences are with Irene, all my cousins and the Valice family. I will always hold dear the good times with Uncle Bob and our families, especially at our family reunions. Uncle Bob would always take the time to come and say "What's happening kid"? He wanted to know what was going on in my life and he was always happy to see the family. He always told me how great my Grandma Carzoli was and we would talk about the old days. I will tressure those great conversations we had. I am keeping all his family in my heart at this very sad time. It is hard to say goodbye ❤️ xo

“ *I was an employee with DRs. Goodman and Matsura before Dr. Valice came and joined the practice. When the practice moved from the David Whitney building to Southfield in the Advance building, that was when Dr. Valice came and joined the practice. He was a wonderful person. He was funny and kind to his patients. His patients really had the utmost respect for him. He built a very strong patient base. He was a good man. He was a great endodontist! I am very sad to hear he passed. I will always fondly think of him and my condolences to his family.*
