“ Bob and I graduated from St. Augustine Catholic Church in 1959. He always had a cheerful way about him and was just fun to be with. I guess if you can use the vocabulary of our times you could say that we "hung out" together at times. He was part of our wedding party in May 1963. As so often and regrettably happens, we drifted apart as our family needs changing with children and careers. I must say that there was a void were we did not have any communication for many, many years but happily saw each other prior to a class reunion at the Selfridge Air museum. He was a great person and I only wish that we would have been able to enjoy each other's company more.

*Bob, shall see you one day.*
