“*"I was deeply saddened to hear of Tony's passing. I was his 8th grade counselor and Language Arts teacher. He was a great guy even in 8th grade. Always smiling. Always polite. Always respectful of others. I am sorry that I was not aware of his passing. He and his family will be in my prayers this weekend at mass. May God reward him with a high place in heaven."*

“*"Although I hadn't seen Anthony since he was a young boy, it still saddens me since we are all family. He sounds like he grew up into an awesome man, I can tell by the other messages here. Hopefully great memories of him will help ease the pain. All of you Martin's and McMahan's are in our prayers."*

"I am just stunned to have learned about Tony's passing. Tony and I went to middle school together and stayed in touch in college, but I lost track of him these more recent years. My heart goes out to his family- I know the type of man he was back then and I'm certain he was a wonderful father and husband to his family. I pray for all of you to find peace during this time."

"Kate, We are so sorry to hear about Tony. We have prayed for him and for you since learning of his illness. Losing s partner has to be one of the hardest things we ever go through. The love of your girls and family will help you through. Let your friends and family know what you need...we all want to be there for you but often don't know how or can't find the right words. May God watch over you and your girls in the upcoming days and years. Remember the special times you guys shared as a family and I hope that you gain some peace from knowing he is in a better place and no longer suffering. Hugs to you and your family."
