“ I got to know Brent at the Orchards golf club for the past 15+ years. He was on the driving range almost everyday and we became friends talking about hockey, golf, and life. He was always a pleasure to talk to and a great person. Rest in peace Brent. We will miss seeing you at the course.

All of his teammates on the 1975-76 Redford Stars National Championship team will not forget his knack for scoring important goals in important games. We are really going to miss you.

I was fortunate enough to officiate many junior and college games with Brent and learned so much from being on the ice with him. When he hung up his skates to supervise, he continued to be an incredible mentor, role model, and friend. One of his favorite sayings was "I call it like I see it". Thank you for being such a great person and friend and we will never forget how many you helped others.
