“ Lindsey,
I was shocked and saddened when I just heard about Brian's passing in 2024. I'm so sorry for your loss.

Brian and I worked together when he first joined EDS at the Pension Administration Center. I didn't work directly with him (I was one of the technical guys) but everyone at that place knew each other and became friends. Lots of great memories from those days – we had so much fun all the time. Two stories are worthy of sharing.

The first was our "PAC Rat" softball team - lots of young people and many were pretty good athletes – Brian of course was one of them. One night we had a practice and for some reason I was pitching instead of my normal outfield spot. Brian steps up and rips a line shot right at me. Thankfully, I raised my mitt just in time to avoid getting it in the forehead, but my sunglasses went flying, and I fell to the ground. He was thrilled when I got up - and started laughing. Let's just say I never wanted to pitch again!

Another was when a group of us went golfing after work. It was only 9 holes but as usual, we were having a blast. Being young, shenanigans were always happening - like it did on the 9th hole, par 3. We challenged each other to use only our putter from the tee to the cup. Three of us hit terrible shots, then Brian tees it up, swings his putter, the ball soars into the air, hits the green, and rolls right up near the pin. If memory serves me right, he sank the putt for the birdie too!

I felt compelled to let you know that many like me who weren't in touch have fond memories of Brian. May God bless you and your kids.
