“I still remember the first day I meet you and your best friend. It's crazy how four months later he was texting me you were gone. I didn't know you for long but I will keep those great memories in my head forever. I was just now thinking about you and I saw this page when I looked you up. May you rest in peace. I am certain you have gone to a better place. "May We Meet Again."”

“Finding words to say at a time like this never come easy, I thought about what to write for days now.. The only thing that I can say is "To know Daniel was to love him". So many times people come and go in our lives, but none will ever leave the imprint Daniel has. Daniel was kind, loving and full of laughter. He would do anything for anyone to have a better day, that's something rare in these days. Our lives have forever changed by knowing this young man, by loving him. It's been a honor to be his "marine family" and we will spend every day remembering Daniel, loving him and keeping him alive in our hearts. Shannon, Jeff and family, Daniel was the man he was because of you all. You love and guidance taught him to be the gentle soul he was. Always be proud of him, know that there are thousands of people many you will never meet that loved him, or had their lives change in some way because of your wonderful son/brother. Daniel was proud to be a Marine, and the marines were proud to have him. He was a good marine and my husband and son were proud to serve with Daniel. There is a saying for the family when a young man or woman becomes a marines... Welcome to the Marine Corps family. You all will forever be part of the Marine Corps Family, and a part of our family as well. We love you and we are here for you forever.”

“I am unable to find the word for this incredible heart break! My deepest condolences to the Anderson family. Danny touched our family and remained close to our hearts. He was the most down to earth, honest and warm hearted person we had the pleasure of knowing. You may be gone from us kiddo but you will never be forgotten”
