

## Daniel Webster

December 7, 1967 - June 28, 2017

Daniel Webster, age 49, passed away suddenly on June 28, 2017. He was the beloved Husband and Best Friend of Karen St.Clair for 32 years, Incredible Father (Padre) to Blake Webster. Loving Son of the late Elaine Webster. Great Big Brother of Becky (David) Slapyznski. Best Son-in-law to Cora St. Clair. Most amazing Uncle to Jacob, Joey, Alexis, Michael and Hannah. World's Best Brother-in-Law to Brian, Billy, Jennifer and Jill St.Clair, Dave Slapyznski. Dearest Nephew to Shirley Affer (Frank), Beloved Cousin to many, and close friend and confidant to so, so many. Dan touched so many lives in so many ways all over the world. Even though he was almost 6'6" and 250 lbs, he was still larger than life. Dan loved life, and would want all of us to live our lives the way he did. Serving God, loving his family and friends, being humble, grateful, making a difference in someone else's life. He was thankful for each and every day that God gave him. The next time you are out to eat, and can pay for someone's meal in honor of "Big Dapper Dan", that would honor Dan's memory so much, as he practiced random acts of kindness weekly! Please share any memories you may have of Dan for Karen and Blake at the "On-Line Guestbook" , as it gives them great comfort to read stories about him.

“Hi Karen, I am so deeply sorry for your loss. Dan was a GREAT Friend and employee of mine. Dan was my "go-to" guy at EMC as my NAS (Network Application System) manager. He was always so dedicated and very thorough in getting the job done. Most recently over the past few of years Dan and I were great references for each other with potential new employers and I will always be grateful for his kindness and thoughtfulness in the awesome things he said about me in the "reference calls" with these potential employers. My thoughts and prayers are with you and Blake. And, yes, he was "Dapper Dan", he was always the Best dressed person in the room!-

“Dan and I went to Thompson elementary as well as Lincoln High school together in Warren . He was the kindest and brightest guy around. Our paths would cross again after college while I was a managing partner running Metlife of Michigan .. He was brilliant and our schedules did not permit us to remain in touch like we wanted. Dan will be missed and my deepest condolences to Karen and his family. I'm glad Dale McNabb and I were able to attend the services. Sincerely, Mike Amine”

“Dan was friend and colleague for many years while worked together at NetApp. I was originally brought on board with NetApp to be a Database expert. Long story short I was far less than an "expert". So when came on board I quickly sought him since he came from Oracle. I was complete selfish in nature :). Needless to say Dan saved me many many times in the workplace and quickly I realized what an amazing human being he was in every way. We became good friends. My deepest regret is missing him the last time he was Chicago last year for the CIO conference while he was Formation Data Systems. I will be one of many missing him. He was one of the nicest, thoughtful people I suspect I've known or will know.”

“I worked with Dan while at ServiceNow and loved his sense of humor, directness and how he learned so quickly! He was a pleasure to work with and will be missed dearly. Dan your spirit will live on in your son as I'm sure your effect on him as a father was profound.”

“As Dan's older cousin I had the pleasure of knowing him his entire life. He grew from an active young boy, adored by his parents, to a great man. Those who knew my father, Dan's uncle Clarence, remark about the resemblance between the two men. We lost them both at the young age of 49 yrs. Dan wasn't only my cousin, he was my friend. We shared a love of the University of Michigan where we were able to cheer on our beloved Wolverines. Dan shared his hopes and dreams for Blake's future with me as well as countless others. My heart aches for Karen and Blake, knowing my own loss is magnified substantially for them. God bless you both with peaceful memories. Know we will never forget Dan. His mark on this earth and on the many lives he touched is forever. Cousin Kathleen”

“I met Dan when he joined Oracle in 1996. He was an exceptional coworker and friend. I was sorry to see him leave a few years later, but kept in touch. It was a pleasant surprise when he had come back to Oracle almost 20 years later and I had a chance to work with him again. I am so sorry for your loss, Karen and Blake. I, also, am sorry for having not gotten to see you during the visitation. I know Dan is at peace now with the Lord. You can take solace in that. My prayers continue to be for you.- Patrick O'Connor”

“Although I didn't have the pleasure of meeting Dan in person - we had many phone conversations and two things always stuck out to me - his calming influence and patience. I was new to technology and he completely made me feel at ease with any questions and guidance I needed. I have no doubt this translated fully over to his personal life and family. God Bless Karen & Blake and the great moments cherished with Dan.”

“I'm so sorry to hear of your loss and Dan's passing! I had the pleasure of meeting him earlier this year when he came out to Boston to meet some of his new team. I knew immediately Dan had a kind soul. He had a very cool & calm disposition. He was also so appreciative of any help anyone offered even if there was an issue we still couldn't address. I just wanted to let you know, I've also never seen anyone light up as much as Dan when I asked him about his family. His eyes twinkled and he had the biggest smile telling me about his loving wife and his amazing son back home. Cherish the memories and I'm sure he's looking down on you all and smiling brightly.”

“I met Dan years ago in Seattle near where i live. We hit it off at once. We shared our mutual interests and spoke often of the scriptures.As i got to know this Man my heart was so touched by his kindness and his devotion to his family.We would talk into the night ,laughing and crying together as if we had know each other a lifetime.Karen and Blake were often front and center of our conversations. I recall going to a small restaurant eat and watch sports on T.V.,our interests were on par with each other...Our father God, our families lifes up and downs.... we were brothers from different mothers. Blake; his love for you was brought out by all the wonderful things he spoke about you,your interests in sports,how you loved basketball. He would give me updates on you during our phone conversations, i loved that. He was so proud of you son..and loved you as only a bond between a father and son could be. Karen though we only spent a few days together those October days will be forever etched in my heart. i felt as a part of your family ,You are everything Dan would talk about ,loving ,strong, smart gifted, and a heart as big as they come.....i knew this to be true even before i ever met you..i see why Dan loved you so much....Dan was such a kind and giving man. That afternoon taking in a game at the Big House with you is a highlight of my life.Welcoming me into your home.....i have never felt so accepted. Remember Karen,Blake our home here is always open for you guys and i would hope sometime in our lives i can share this part of the world with you,for you guys are my family too.”
