“ I have known David for quite a few years and have spent time with him and the family camping, canoeing and sharing stories around the fire. He was a good man with a big heart. I've always considered him a good friend. He was a big part in this world that made a difference in people's lives. I am so sorry for your loss. I know I will miss him as well. Wish I could be there with you guys, hugs to you all. May god give you peace.....❤️

“ David was our amazing attorney.... He was genuine and humorous and such a support system for us throughout our many court dealingshe was energetic and his laughter still resonates with us today ...David was enthusiastic about all our legal matters and truly dived deep into every detail needed to help us through our matters..but ... he became a friend as well which is a rare transition for many client attorney relationships.. we admired his approachable disposition and sincere integrity..
We have been really thinking about him lately in our thoughts ..but crazy stories involving our court matters with David we will always continue to share for years to come ... with so much admiration and respect .. Brad and Tricia Gold

“ Dave was an awesome cousin, not to mention an amazing Dad and friend and just an all-around great guy. And he always had the best fireworks at our family reunions. He kept it real, and he will be greatly missed by everyone that knew him. My condolences to his family. Rest in Peace Dave, until we meet again

I am one of the privileged few who was blessed to live directly across the street from David for the last several decades. Words cannot express the pleasure I experienced by waving and saying hello to this phenomenal man on an almost daily basis. Of course there were many other moments to our friendship. God made David special (like he does all his children), and anyone who was blessed to know David, knew a genuine love and friendship.

Carter: your dad left many legacies - one of which is to pause and wave hello when you leave home. It always made my day - and there is a piece of your dad in you. Maybe we can keep him alive in this small but significant gesture.

Love to all GREAT David's family and friends.
