“ Dave hired me as Respiratory Therapist in 1980, he was a wonderful boss and very kind. He was a true professional and always smiling. That department was the best place I ever worked and it was more like family. My deepest condolences to Denise and his family, he was a prince amongst men and some of my happiest professional memories are with Dave and his department ❤️ I still remember him standing with his mother when she was a patient in the hospital and he was a very good and proud son 💙 he was a true mentor and his wonderful legacy will live on ❤️

Dave was a wonderful Manager and friend. I was only 19 years old when I started working with him at Macomb Hospital. We always had a great time together and shared many laughs. Rest in peace my dear friend! 🙏❤️

“Denise and family, my condolences to you. I knew David when I worked at Macomb Hospital. He was great with all the patients he came in contact with and fellow employees. I remember the times he occasionally would sing to patients while giving them a respiratory treatment and to me when I was a patient. A beautiful voice. After he retired he also worked as a hospital volunteer. So many memories.
