

## Dolores "Dolly" Lillian Molnar

April 7, 1937 - April 12, 2023

MOLNAR, Dolores Lillian, 86, passed away peacefully on Wednesday, April 12, 2023 in Shelby Township.

Dolores 'Dolly', the most loving and devoted wife, mother, aunt, and friend, is survived her husband Charles Robert 'Bob', daughters Valerie and Gail, dearest friend Rose Ann (Lee), and several nieces and nephews. Preceded in death by her parents Sofus and Martel Winther, cherished brothers Constance (Lois) Munch and Beatty (Patricia) Winther, and niece Ellen (Munch) Hatcher.

Dolores met the love of her life, Bob, while on vacation with her girlfriends in Grand Bend, Canada. There was only a small, single mirror in the room Dolores and friends were staying in, so Dolores went to knock on the room adjacent to hers to ask if she could use their mirror. A handsome young man, Bob, graciously accommodated. That chance encounter led to the start of what would become over 63 wonderful, loving years together!

Dolores was a wonderful, kind, generous person full of love for everyone. She was always positive, happy, smiling, and loved celebrating birthdays and holidays with family and friends. As Dolores often said, the secret to enjoying life is to "Eat dessert first!" She is forever cherished, fondly remembered, and deeply missed.

A Celebration of Life luncheon will be held at later date for family and friends. In lieu of gifts, the Molnar family requests donations made in Dolores's honor to the National Multiple Sclerosis Society, <https://www.nationalmssociety.org/Donate>, or Residential Hospice, <https://www.residentialhealthcaregroup.com/services/hospice/give-back/>.

“ Aunt dolly was my idol, my name is Alice and I am her niece. I always looked up to her, she made being a kid fun. Aunt dolly had her hair done every Friday, and she looked beautiful! We had dinner at aunt dollys house a lot, and it was always fun. Playing with Val and Gail was fun, they had more toys than us, and val said " but you have a dollhouse", we did, but playing in the dollhouse with them when they came over was always better. We always enjoyed each other.

Dad loved visiting his baby sister dolly, they could talk for hours. I will miss Aunt dolly, and the rest of the world is one angel short of perfection.

“ Dolores and I met approximately 57 years ago. I was trimming the grass when she walked by w/her daughter Val in a stroller. We.began chatting and continued those chats and a friendship that has lasted till almost the time of her death. We both had 2 daughters who were childhood friends - moved from Warren to Shelby Twp - and when we moved to Washington Twp. Through our friendship she was always there for me. I considered her my second sister and often called her “The Wind Beneath My Wings”. I will dearly miss her.
