“ My Hero and my ❤️ ... there is nothing more precious than a daddy/daughter bond. I'm so proud to call this wonderful man my Dad. I know God welcomed you with open arms and said, “Well done my good and faithful servant... welcome home”. I love you more than words can express, and will forever be your baby girl.

“ *Judy and family,*

I've known and looked up to Eddie since he was in high school, working on a “work-study” program at Howard and Smith (my job, eight years junior to Eddie, was to mop the floors on weekends). Eddie taught me how to print catalog pages on the Multilith 1250 press, and always had a laugh at the end of the day at the ink on my nose and wherever. Eddie was the person you could always turn to for the right answer, because he had done every job and learned every skill and had a solid and joyful family life outside of work.

Customers and colleagues alike trusted Eddie, with good reason. He was honest and knowledgeable and kind and reliable. I am honored to have known him and worked with him. He lived a full and good life, and now goes to life eternal. God bless.

“ Dear Judy and Family

I am so sorry about Ed's passing. He is a wonderful person, so thoughtful, intelligent and kind, who now lives on in eternal life. I enjoyed working with him for so many years and saw how much he was respected by his clients and all those with whom he came in contact. May he rest in peace and please be assured of my thoughts and prayers for all of you. God Bless.

“ My sweet papa ☐ I’ve been so blessed to have you in my life for 28 years and it truly wasn’t long enough. There are so many things I’ll miss about you like the way you answered the phone with your great big “Helllloooo?”, your signature one liners and the occasional new ones that always threw me off, the big smile on your face whenever I walked through the door, drinking our morning coffee together and splitting a chocolate belvita cookie while you read the newspaper, and going out to lunch any chance we got. I will love you and miss you forever.
