“ *"I listened tonight as loved ones stood up and lovingly spoke of Eileen and the unforgettable moments shared. I wanted to stand up to say a few wonderful words about my fellow lassie. My daughter said, "no mumma - it's just her family and those close to her." I wish I would have stood up. She would have said - Girly get up and say what you want to say! I've never met Eileen. We were what we called "phone" friends for a good 20 years. Our friendship developed from simple calls to adjourn court cases. Our conversations would last a bit too long as always. I'd receive a look or a tap on the shoulder after awhile. We'd catch up and then weeks or even months would pass. She knew all about my family. Never forgetting a name or life-altering event in my crazy world. She always put a smile on my face. We always found something to chuckle about. It was a special treat to find out the call on hold for me was Eileen. "Colleenie, what's up girly?" I adored her voice. My Nana passed away 15 years ago and my "phone" pal sent flowers. Who does that? Amazing Eileen Fitzgerald Cicone! We always said one day we would get together. That day will never come. I had a true friend. One I've never laid eyes on."*

“Oh how I will miss Eileen. I loved being around her, it always made me so happy to see her pull up to her house at Sage Lake. I loved her laugh and sitting around for hours talking. What a wonderful person. My heart is broken for her family. Love to all!”

“Auntie” Eileen, You will forever have a special place in my heart. It puts a smile on my face to think of all the wonderful memories our family has shared together. There was never a doubt that it would be a roaring good time when you were around. Your positive attitude, contagious laugh, & bright blue eyes always lit up the room. It is comforting to know that we will still have that piece of you through Michael. He is his Mommy’s boy through and through and now he has a beautiful angel to guide and watch over him at all times. We all do. It truly breaks my heart to know that you have left this world so early in life, but to know you are no longer suffering and are with your parents and our cousin Trish helps ease a small amount of that pain. My prayers and thoughts are with my “boyfriends”, “Big Mike” and Michael and the rest of your beautiful family through this sad, sad time. God Bless and all of my love. xoxo”

“Sage Lake will not be the same without my dear friend Eileen. This is a picture of her relaxing at the lake on July 4th 2012. I will always cherish our talks on the steps between our cottages. Eileen was such a support to me when I went through my breast cancer battle. She called me all the way through the process giving me encouragement and telling me how proud she was of my strength and positive outlook. She kept my spirits high and was there to listen when I needed to talk. We shared a common bond in that we both are proud mothers of one child, both boys and both the loves of our life. We would joke about how we couldn't help ourselves in giving our boys the best things we could afford. Her saying "Nothing is too good for my little prince." I'm truly thankful for our wonderful talks this summer. I am especially thankful for our conversation about fear of death and how I shared how I over come my fears during my cancer battle and she shared how she had come to have a peace come over her shortly before our conversation. Knowing this gives me some comfort now. My heart breaks for her family especially Mike and Michael. She will be there in spirit helping them to carrier on. She has given them all she had to give and loved them both with all her heart. I thank God for the opportunity to have been Eileen's friend and to have enjoyed so many fun times together at Sage Lake. I hope she knew what a special friend she was to me. Love & Prayers to all her friends and family during this sad time.”

“*Eileen,
From the moment I met you, you became my sister. You were warm, caring, and compassionate...and we both had that crazy loud laugh, and boy did we laugh! I will hold on to many great memories. Love to Prince Michael, and to your husband and family.*”
