“Grandma I love you so much and I miss you so much already I don't know how I'm going to do this we got so close especially in the end when you were living with me and Mom. You're literally my hero. One of the best people to exist. 97 amazing years on this earth STILL wasn't enough I only got to know you my full 26 and I love you so much! You never hurt anyone intentionally you had a heart of gold, I will miss your laugh and smile and never forget everything you told me. I Love you and will be waiting until we meet again, I hope you're watching over me and little jeff. You're the best grandma and great grandma anyone could ever have dreamed of. You took care of 4 generations who admire you so much idk what we will do without our matriarch...at least your suffering is over. I'm so grateful I got to take care of you at your end days it was so hard to watch you suffer but I would do it a million times over because I know how well you took care of me my whole life. You are a saint grandma. You truly are.”
