“ *"Eric and I were best of friends growing up as young children and I have thought of him and thought of reconnecting with him from time-to-time. It is under very sad circumstances that I have found his obituary. I will have lifelong memories of him and his family. I hope that his family is coping with his loss as he had a very loving family. I will always remember always trying to find the toy in the Trix cereal box with him, playing NBA Jam at his home, water balloon and squirt gun fights in his yard/pool and Rachel always wanting to watch Grease with the kittens while we wanted to play Mario Cart... take care my friend."*

“ *"To our loving son Eric. We could not be prouder of you and how much love this family shared. God gave us the opportunity to heal and grow in love beyond anything we could have imagined. We will miss you dearly but we know it's only until we meet again. You're in Christ's arms now and that gives us comfort. ALL OUR LOVE, MOM & DAD"*

“My heart and love go out to your family. I'm in the program of recovery & sobriety. I can only imagine how you must deeply hurt. I'm so sorry for your loss of such a beautiful and wonderful son. Those who don't get it never will. Those who do are amazing. God has done for him what he could not do for himself. God needed a precious Angel. My prayers are with you and your family. God bless you.”

“Thank you for reaching out to us with your words of encouragement. We also feel a bond with you as most people haven't experienced the kind of pain we know. Yeshua (Jesus) knows our pain and has given us great comfort and peace. We pray that you experience His love in abundance right now also. Jim & Marcia Hudson”

“Dear Gary, Marlene, Keith and Rachel Barb and I are so shocked and deeply saddened by Eric's passing. We share your loss and pain in loosing the sweet, gentle soul that was Eric. Your family has been on our minds and in our prayers constantly these last days. My Grandmother said God won't put anything on your shoulders you can't bear, but at times like these, that's hard to remember.”
