“ Fred was the kind of guy you always were happy to see. I worked with him at Chevrolet Engineering, then played golf with him on the GM league on Tuesdays and Wednesdays. His kind demeanor and supportive words always made golfing with him fun. We fixed our games over a few cold ones afterwards and more often than not made the same mistakes again. But that is golf. This last year was a challenge for Fred, but you never heard him complain. It is that tough internal fortitude that you have to admire in Fred. We will all miss him this coming season, I will make sure to tip one back in his honor with a toast to Fred, a gentleman amongst gentlemen. My condolences to the entire Turek family for your loss. God be with him.

“ I was saddened to see Fred's picture in the newspaper today. My condolences to the family. May you find peace in this time of sorrow. I worked with Fred at GM years ago and I still have a gift he gave me :-). He invited me over to his home. Bring a gallon bucket and a shovel, he said. We dug up a small Black Walnut tree about 2 ft tall and a trunk the size of a pencil. Today that tree is 25 ft tall and gives lots of shade. Thanks Fred, for being a friend.

“ *My thoughts and condolences to the family of Fred. I worked with Fred at GM and he spent some of his retirement years near us here in Stuart Florida. We met on several occasions with other GM retirees while they also were down during the winter months.*
