“ When I was 15 I met you on my friends bowling. Team. From that moment I knew you were mine and I was yours. You were always very competitive in everything you did. I was not. You also succeeded in everything you tried, bowling, baseball, golf just a few examples. Of course I caught the biggest fish!! Your lawn like your life was perfect. We, your family love you endlessly. Now I lay you down to sleep and in my heart you will keep. I will someday see you again. Love Karen

“ My dad used to drive me to school in the morning. From 14 and Schoehnerr to 8 mile and Kelly singing at the top of his lungs. Songs like Lou Christie- Lightning Striking, Roy Orbison- Crying, Frankie Valli and the Four Seasons- Sherry, etc etc. You get the picture. He was such a morning person, I was not, and it drove me insane haha! He and my mom, among so many other things, instilled in me a love of great music. This memory and my connection to music will be touch stones for me to think of to get me through the good and the not so good, for the rest of my life. I still cannot believe he's in heaven now and not here to crack bad dad jokes, give me stern looks and words when we disagree, or hold my son til he falls asleep. I miss him so much. I'm glad we spent one of his last weekends together up north. Who could've known his days were so numbered. Even though he was suffering and ill, I truly believed he would recover. With all my heart. I will remember you every day of my life. Your memory is alive and I will love you always. God knew you were tired, and so we had to part. I'll always remember your smile, and the love you had in your heart. Love you Dad.

“ We have known and worked with Gary for over 40 years, through our restaurant, Capers Steakhouse in Detroit. Gary was always very professional and knew his 'stuff'. I knew Gary from his bowling days back in the 70's....pot games at Hazel Park Bowl and Gold Crown....He was a master! His love of golf was well known too. We will truly miss him. Age 68 is way too young, but I guess we have no control over any of that. We DO have control over how we live, and Gary certainly lived well, loved life, and loved his family and friends. God bless.....Janina (Parrott) Jacobs and Gary Jacobs

“ I am going to miss you Gary. Growing up you were the best athlete in the family. I always wanted to be in your team. You impressed me with your skills. You were a wonderful cousin and always kind and supportive. Your grandson looks just like you, and that's a good thing. I wish you had more time with him, and with us. Rest well my friend.
