“ I worked with Gary at the Bellanger House back in the 60's. They were fun times we had. Sandy would even let him cruise woodward once in a while. But Gary the family man would tell us he was married with kids and could not race up and down woodware like we did every weekend.

“ Do not stand at my grave and weep I am not there, I do not sleep I am a 1,000 winds that blow I am the diamond glints on snow I am the sun on ripened grain I am the gentle autumn rain When you awaken in the morning's hush I am the swift uplifting rush Of quiet birds in circled light I am the soft star that shines at night Do not stand at my grave and cry I am not there; I did not die.

“ I am very saddened by the loss of Uncle Gary. I am so happy that I got to visit with him the last time I was \"home\". He always made me laugh. I send love and prayers to all. Rest in Peace Uncle Gary.

“ I am really going to miss Uncle Gary. He was always so funny and sweet to me. Every time I saw him, which really wasn't often enough, he always had a kind word to say, a joke to tell and an attempt to give me a hard time! But he always wanted to know what was going on in my life. One of my husband Dan and my favorite memory is when we had our open house. Uncle Gary and Aunt Sandy drove all the way out there to spend the day with us. We had a great time and I will always remember that day so fondly, the two of them together. Because you can't say Uncle Gary without saying Aunt Sandy! To the other Peltier clan: I truly am so sorry for your loss, know that it is ours as well. I am really going to miss him. Love always, Rebecca Peltier Benedict

“ Gary was my Uncle. when I was young my brother and I would spend time with Aunt Sandy and Uncle Gary during summer breaks. they always took great care of us and we always had fun. My Aunt would make me chili because it was my favorite meal. Uncle Gary would take me on his night route he was truly a great person to be around. he was a hard worker sometimes holding down 2,3 jobs at one time. Uncle Gary I would like to thank you for finding time to share part of your life with me, I will never forget you and Aunt Sandy. God Bless you both. Go in peace and give Aunt Sandy a hug and kiss from me GOD-SPEED Love Dennis

“ Jim, I'm so sorry to hear about Gary's passing. I worked in the machine shop at Chevy Engineering when you and your brother were in the tool/parts crib. Gary was always pleasant and tried to get me the tools I needed to keep the machines running. I'm sure he'll be greatly missed by all his friends and family. My thoughts and prayers are with you and your family as you go through this difficult time.

“ My grandfather was a great person. I remember when I was a kid that I'd always spend my summers at his and my grandmother's house. During this time he would do things like eat Garlic Bologna straight out of the package, hose down beehives, and occasionally yell at their cat, Artemis, to play with him. But no matter how different the things he did were, it was always abundantly clear that he, above all, loved spending time with his family members, even if he did have an interesting way of showing it. Grandpa, we love you all and miss you so much, and we strongly believe that you are now with Grandma.

“ Gary Peltier was my Dad. I cannot find the words to express how sad and empty I feel over the loss of this man. I admit, I have not been the most attentive of children as of late. I have been 200 miles away battling my own ills. But even though I have not been there, I thought about my Dad every day. My family and I sat around my dinner table over our evening meal tonight, and dedicated the conversation to memories of Dad, Grandpa. My husband Richard was wondering if he would be able to bury a few spare car parts with dad. If you knew my dad, you'd know that he had a penchant for burying things in the yard, and that comment would be funny to you. My daughter Chelsea was recounting to us stories of funny things that went on while her and my son Andy would go to visit their grandparents over the summer. I listened to them, and thought about other times. About when I was young, and took for granted that Mom and Dad would always be there. Dinner ended with a lot of laughs and tears. I truly believe something wonderful and special happens when you pass on. I think that that belief is what gets you through the day sometimes. I believe our loved ones live on in spirit, and are back together again. My son Andy said \"Grandma and Grandpa are back together again. Grandma is watching Jeopardy, and yelling at the TV, and Grandpa is yelling at Grandma.\" I already miss you so much Dad. I hope you are at peace now. I love you.
