“God's peace and blessings to you Kay Family. Jeff and I worked together for many years. His dedication and creativity helped advance our work and improve Ford. One of my lasting silly memories was Jeff's facination with Japanese toilets!

God's comfort to you in this very difficult time.

“ There are so many good memories of working with Jeff. His intelligence and humor are what I think of. Even though it was frustrating at times, we often would say that the most fun we had was when solving a problem. He was a hard worker and had brilliant ideas. Through all those years, he often spoke of his family and it was clear how much he cares for them and that his family is the most important part of his life. He will be missed.

“ Jeff...

In my over 30 years at Ford you were one of the best employees I ever had work for me. Your dedication and ability made my job a lot easier since I knew I could always count on you to get the job done. I have great memories of all the trips we took to Japan, Australia and New Zeeland. The trips were long and sometimes frustrating but we always found time to take some side trips and have fun. You will be missed, my friend, you will be missed.
