“ Joe was one of a kind with the biggest heart of anyone I know. I still can't believe he is gone. No other patient at Mayo Clinic has made such a huge imprint on my life like he has. Joe's positivity was infectious, no matter what he was going through. Seeing him light up at the sight of Fenway is a memory I will never forget. I will also never forget how he showed his thanks to all the Mayo Clinic staff by providing them animal balloons! He was so thoughtful, caring, and kind. My thoughts and prayers are with Joe's family as they navigate such a huge loss.

“ There are no words to express our sadness for your loss. It has been such a blessing to have spent time with Joe and you during these past months. Fenway would run down the hall to Joe's room and almost wiggle out of his body as he waited for Joe to come out and visit with him. Joe would giggle as Fenway would either lay his head on his lap or sit on his feet. And we can't forget the Fenway balloon and all the animal (farm) balloons that made him laugh. Joe always saw the positive in everything. We were always so impressed with his courage and strength. We will hold onto all those wonderful memories. He was an amazing man and both of you will be forever in our hearts.

“ Uncle joe. I will never forget the memories I had with you. I love you so much, and I am glad for every moment I got with you. I never said this to you, but I wanted to thank you for being a father figure to my brothers. They enjoyed every moment with you. I still remember the weekends they spent watching movies and playing games with you. You never got tired of them. They looked up to you so much. I know wherever you are you are looking down on us! When they get older they will remember the moments and life lessons you gave them. They will grow into wonderful young men, and I will have you to thank for that.

*Like you wanted, I promise to not be sad... even though it will be hard. The boys and I will never forget you. Rest in peace.*
