# Tribute Wall

LB

“ To the family, you have my sincere condolences. When someone falls asleep in death (Ecclesiastes 9: 5,10) the memories we have of them become our most precious treasure. May those memories comfort you as well as Gods promise at John 6:40.

AN

“ Kelly was always a blast to be around, always joking and smiling. She never showed that she was in pain, but made sure that you weren't at the same time. I'll always remember those times we had surrounded by family. I love you guys.
