“ I am so---sad to learn of Kerrie's death. She was such a good friend and I miss her! I have such fond memories of Kerrie, laughing at and running into conference rooms to write last minute memo's at Polk, her coming to Chicago and shopping for cute hats and scarfs to keep her beautiful head warm, going to J. Alexander's and drinking red wine and having lunch after chemo. Her laugh was infectious and she had such a love for life. She loved her family so very much especially her niece and nephew. I wish I knew sooner...I so miss my friend! My condolences to her family. Kerrie Lynn was truly a gem and I miss her so very much!

“ Kerrie was a brave, fun, funny, awesome person. She had a bright positive out look and was a wonderful friend. I was fortunate to work with her and will miss our talks and long lunches at Camp Ticonderoga. My prayers and sympathy to the Kaminski family.

“ My condolences to Kerrie's Family. She is a friend from Eisenhower who will be greatly missed by many a classmate. The news of Kerrie's un-timely death deeply saddens me, but although I grieve for the loss of my friend, I am comforted in knowing that she is with God in a better place.

“ I was shocked and saddened to learn of Kerrie's passing, then comforted when I realized my friends Jan and Van were there with her. 3 friends the same day all with cancer, all in a beautiful place now together. We will remember Kerrie for her strength, smiles, and laughter which will continue in our memories. Always in our prayers, hugs to you soon.

TH

“ While we're sad for our loss, we're much richer for the time we shared with Kerrie. She was such a fun person, the laugh, the smile, the sense of humor. She touched us all and we're better for it. May God hold her in his hand and treasure the gift that was Kerrie that he shared briefly with us.

“ *My deepest condolences to the Kaminski family. Kerrie was a dear friend, and I was truly blessed to have known her. The only thing bigger than her laugh was her heart, and her love for her family and friends. She definitely "left a mark" on all who knew her. She won't be forgotten.*
