“My girlfriend lost her mother a few days ago unexpectedly. This is the most difficult time in her life. She is everything to my girlfriend, my best friend and her family. We all feel empty and lost Tear drops run down our face While our loved one takes her place In the land of dreams and faith She waits for the day when life will wake. The sun will rise and the clouds will clear Her smile we show she is near We'll feel her strength when a new day is here and her heart when it's too hard to bare Laura Cole had the honest voice and generous spirit her love is there whenever we need it all we have to do is believe it She may be gone but that doesn't change The way she makes us feel everyday When the wind blows by and the trees shake We hear every word she makes No matter where we go She will be there Always willing to show she cares She's sitting on her cloud above watching all of those she loves. Laura Cole its been almost 10 years that I have known you, today my heart weighs heavy. For today the world has lost you as I try to not shed a tear for me to stay strong for your daughter. I am saddened inside I will miss your laughter, your holiday spirit. I am glad to have known you and you will be missed greatly, God please take care of Laura Cole she has a big heart a let her know I will stay strong for Jeannette , let her know that I love her.”

“*The are no words to express my sympathies for the loss of this great lady. She inspired all she knew with her selfless spirit. She helped mold some of us into the people we have become, and we are better individuals for it. Her love, caring, and guidance taught me lifetime lessons on what it is to be a parent and a person. I am sorry I cannot be in Michigan to express my sympathies personally. Our love and prayers are with you during this time of loss.*”
