“ *Dear Larry, I'm so damned sad to see you are not able to take my call tomorrow when I was going to call you. You helped me so much as I see you did so many others. You brightened my day and made my life so simple with your years of expertise and humor. I really looked forward to our calls back in the fall when I was trying to get my metallic twill locating solved. I was in Dallas when we spoke and now I'm in Tucson, Az. I appreciated your help so much. You solved it for me. Since we also are a charity we often are not taken seriously but when I mentioned that Bajito Onda also is connected to Poland you really got excited. The products that have come out of it have been fabulous and effortless. I too am 63, so I guess like others I do not think about the other side until one of us slips over. I'll miss you like all your other friends and loved ones on this planet you graced for far too short a time. God Bless You and those close to you. [www.bajitoonda.com](http://www.bajitoonda.com) to see the great results of Larry's input.*

“ Larry, I know that you are up in heaven looking down on all of us. We are all very sad that you are no longer able to brighten our days with your exuberant attitude but we will try to be happy that you are in a better place where you are feeling no pain. I miss hearing from you and will always remember how you took me under your wing to help me adapt to my job at Twill. Thank you so much for everything you have done for all of us. Love and hugs, Your friend Chelle-Bell

“ We are deeply saddened by the news. But we can tell you that Larry helped us tremendously in starting our business out here in New Jersey. He was always just a phone call away and we always looked forward to seeing him at the trade shows. We will miss him always.

“ To the family of Larry "Lar" Simon. My condolences and prayers go out to you on the passing of a great gentleman. I was fortunate to meet Larry some 8 years ago at a trade show in Charlotte. He has showed me and directed my business in a path that I always hoped it could some day reach. Thank you Larry for your patience and your expertise you will be missed dearly but I'll always remember that voice when I answered my phone. May God bless you and keep you near. “ To John Simon, my neighbor & pal as we grew-up together on Mitchell Street. I was sad to see your brother's obituary notice. He was a few years younger than us so we didn't play together a lot but I remember him as a nice kid with a big smile. Larry's photo in the paper reminded me of how your Dad looked. Your Mom & Dad were always nice to me and Mitchell Street was a great street to grow-up on. Sorry for your loss but I hope all is well with you.

“ Sharon, John and family, I am so sorry for your loss. I met Larry through Twill USA. We worked at many of the same trade shows. I used to love to sneak away from the booth I was working to go and chat with "Lar." He always was so positive and had such great ideas. When I'd need a quote on a job he'd always call me back and say "Lar here." You could hear the smile on his face. Our industry will not be the same without him. He was a great man and I will miss him. Erin Petry In Stitches

“ We are so sadden by the death of Larry. We were introduced by Twill USA and he has been a good friend. His outlook on life passed off to everyone he talked to. He will always be in our hearts. We were blessed by having him in our lives.

“ I would like to express my deepest sympathys to Larry's friends and family. He will be so terribly missed by all. I first met Larry at a trade show years ago and he became such a treasured person to me. He was always there willing to help me or send me to sources that he knew of if he couldn't help. I called him my 'go to man'. I am still having a hard time realizing that I will never have the chance to hear his friendly voice saying 'ok, here's what you do'...He was a giving, caring friend and associate and will always be remembered. Very sincerely yours, Cheryl Lee

“ John, Chet and I are so sorry for the loss of your brother. I always remember Larry as the handsome young teenager, ice skating at Farwell Feild in Detroit and that is how I always will. We never age in our minds.
