“ *Leana and I became friends on our first day at TACOM. We were assigned to work in the same office and on the same team that day. We traveled TDY together and over the years I got to know her and appreciate her friendship. I was struck by her straightforwardness and courage. We went shopping and she really helped me update my wardrobe, which I needed. She gave me her advice on what makeup looked good on me and what didn't. She would share her latest recipe with me to try. My husband and I took her out on our boat on Lake St. Clair. We went to her and Brad's wedding, and she looked beautiful. Because I was much older than her, at times I felt like a mother to her. And yet, I also felt as though she was a sister to me. I will always remember the day I was retiring, and I stopped by her desk to say goodbye to her. I've often thought of her since and will always miss her. Joyce Bondra*

“ I first met Leana when she interviewed me and I was so awed by her intelligence and her skills. Little did I know that we would become fast friends once I got the job. Leana came to the hospital to meet my oldest daughter, to my home to meet my second and she was my girls' honorary Korean auntie. Leana, you will be so incredibly missed, and I only wish that we had had more time with you. To Brad and family, my heart is with you all.

“ Leana and I shared so many laughs and enjoyed each other's company for hours and hours on end. She taught me a lot, not least of which was about dogs through her love of Bailey, Chewie, Oliver, and Mochi. She inspired me to get my first dog, and took me to get the best deals on pet supplies. Her and Brad's love of deals and activities was legendary, and perhaps the highlight for me was the Chipotle party. We drove to work together and she even helped me find my first house in Ferndale. I had given up, but she found it and when I whined it was not possible, in her signature deadpan style told me, "I can't reason with insanity"; stopped chatting with me on Sametime and then accompanied me to the house showing. I will always cherish the memories of the time that I spent with Leana and I pray that she is resting in love and peace. She deserves it. I am sending empathy to Brad who lost his best friend, and Mochi and Oliver who lost the woman who sent dogs to dog heaven on earth. Love you, Leana.

“ *I am deeply saddened to hear about Leana's passing. Although I only had the opportunity to work with her a few times and never met her in person, her kindness and helpfulness left a lasting impression on me. Leana was always so supportive and went out of her way to assist whenever I needed it. Her positive attitude and generosity made a difference, even in our brief interactions. She will be greatly missed. My thoughts are with her family and loved ones during this difficult time.*

“ Brad, I can't begin to understand how terrible it would be to lose someone so close. Please accept my deepest condolences, and the same to your family and hers. I know we got out of touch after school, but, if it would ever help in the future, I'd gladly visit to hear you tell some stories about Leana. You, Matt, and I could go grab a bite to eat. It's a small comfort right now, I'm sure, but she'll live on with you in your memories. I hope you can find at least a little peace in that. Anyway, you're in my thoughts, man. - Ryan Lewis
