“Mom, I miss you so much. Life is not the same without you! I miss hearing your voice and laugh. I miss seeing your smile and those beautiful eyes. I hope you are watching down on the girls and I. Kaylee says Grandma all the time now. It makes me smile because she knows who you are. If I could just tell you one thing again it would be how much I love you. You are the most amazing woman I've ever had the pleasure of knowing. You are always in my heart and mind. I love you Mommy. Until we meet again..your daughter Lisa.”

“Linda,  
I will always love you and miss you. It was a pleasure knowing you all these years. Thank you for your kindness and everything you have done. You gave me my first job and trusted me with your babies, you have been a part of my life for a very long time and have been apart of important moments in my life. It saddens me that I can't see you anymore when I come home. My heart is heavy for Bob, Lisa, and Sara, but I know they will have a lot of love and support. You don't have to fight anymore. Enjoy your rest now. We will all see you again one day! Xoxo”

“I have fond memories of Linda as a member of my Inventory Management team at TACOM. She was one of my "go to" people who could be counted on to get the job done supporting the warfighters. My condolences to the family as they grieve the loss of someone so dear.”

“I cannot express how she will be missed. She was not only a friend but will never forget after I lost my sister she said that we could be sisters and little did she know I always considered her a sister. My heart aches for the loss of her but also celebrates that she is in heaven with her family and is now living pain free. Love you so much sis. See you one day. ❤️”
