“I will always remember you with a warm welcome, as you always made me feel like such a part of your immediate family when I traveled there for a visit. Your wonderful heart, free spirit, and lust for life always always drew everyone close to you. We were all totally inspired by your amazing stories of love, compassion and comebacks, and enjoyed hearing about the magical moments you made with so many others. You touched so many people's lives just with your smile and warmth, you will forever live in all of our hearts. Sending you lots of love and lots of light from across the Heavens.”

“You are still missed. Your spirit continues to live with us even now after all these years as you are still watching over all of us and continue to live in our hearts forever. Now that you've made your journey from this place, you are now surrounded by those that have passed on. We are relieved for you as we now know that you are resting in peace, no longer in pain, and now surrounded with loved ones who carried you over and are now with you. May the Lord, mighty God, bless and keep you forever.”

“The lives of your entire family will never be the same without you, but we will find comfort in all the happy memories you have given us. Even though we didn't spend much time with one another, you were great company to be with and I always looked up to you. During my younger days, I always enjoyed summer visits and watching Tigers baseball games with you. Your enthusiasm for everything was genuine, good-hearted, cerebral, and everyone enjoyed watching you thrive and succeed in all you did. Your enduring laugh, the twinkle in your eyes and the genuineness of your heart will always be remembered. The man you were is why those who knew you, also trusted and respected you. You never cared what anyone did but rather who they were. When you spoke, you made people feel like they were the only person in the room. You led a life filled with family and friends, who will carry on your amazing spirit. Although you have been taken from us physically, you will always and forever be in our minds and in our hearts, and that can never be taken away. My heart is overflowing with love for you today, so catch all the hugs and kisses coming to you. I thank God for the time everyone was able to spend together and for the memories. Your spirit will always live on, your soul will always shine, and your beautiful smile and gracious love will give your family the peace and strength to move forward during their difficult transition. I love you so much; I always have, and I always will...”
